ACCUITEOUS,

ARCHITECTURE DATA STATE AND A RECEIVE CONTACT AND A R plement the county institute, which few of the directors and citizens can attend. The evening lectures were upon more when teachers return from the county in-

accomplished in one or two days. It is simply the district institute extended with the county superintendent to direct; and it is devoted, for the most part, to the matter and the methods of instruction. It loes not, to any great extent, enlist the

sympathies of the people, is not felt to be a people's institute. In two counties, Bucks and Chester, and perhaps in some others, local institutes begin on Monday afternoon, and continue until Friday night and are the most popular and best attendd meeting held in the county, unless the annual county fair be an exception.

The superintendent of Bucks county, H.
B. Eastburn, Esq., has within the last two weeks, held eight local institutes, each continuing a week. These have been B. Eastburn, Esq., has within the last two weeks, held eight local institutes, each continuing a week. These have been among the most attractive and popular meetings ever held in the county. In hearly every instance no half was found large enough to hold the people who would come, in some instances, eight or ten miles to attend the institute. Once, on account of the numbers in attendance, it was found down to 10° above zero, but most of the numbers in attendance, it was found down to 10° above zero, but most of the land. Their families have to with them; if

journ to the institute. The effect was, for bed till next day most of the time. I get America is so for ahead of Europe that the amonth or more previous to the institute, up at 10 and tile balance of the family contrast is painture. So my eyes constantly to invest all the regular school exercises about moon. In December the sure ross at turn towards Hartford after all. But it with an answerted interest and attraction.

O and set at 2:50 — hot much of a day at read a great geal of politics and write the opening session of the institute. Mon-best, At one hall at the palace there were most. day atternoon, was occupied almost exclusively by the children in reading, reciting supper at 2 o'clock in the morning, and and singing. This arrangement always 600 took their funch standing. It takes A school mistress in Felix, Obio, secured a full house at the beginning, withsecured a full house at the beginning, without regard to the weather; as the children a ball. At this ball there were reval perit, and anxiously looking forward to it for long weeks. The schools were in regular session in the forences, and at noon the parents and citizens took the children to the result. Wales, Orown Princes of Pussis, Prince and Phintess of tal.

discuss with the most perfect freedom additional interests of the community. All who had complaints or suggestions to make in seference to the school system, or its administration, or in reference to modern methods of successions to make in seference to the school system. It is of no use to try to describe the Tombs Library completed. Bookcase for in reference to modern methods of successions to make in seference to make in sefe

to most of the counties they continue only solicitude for good teachers, the establishment of successful graded schools, an initial and closing Saturday night, so as not to interfere with the regular sessions of the professional spirit among the the schools. Of course but little case be school system?

LIFE IN ST. PETERSBURG.

LETTER FROM MINISTER MARSHALD JEWELL HIS IMPRESSION OF THE PEOPLE AND

THE CLIMATE. A letter from Hon. Marshall Jewell, United States Mini ster to Russia, to a lady relative in Rochester, is published by the Petersburg, March 5th, and reads as for through law. The known is long since tows towered by the Trustees swol

to attend the institute. Once, on account of the numbers in attendance, it was found necessary to organize a second institute in another half. For F. A. Alfel, of Samuel and the second institute in another half. For F. A. Alfel, of Samuel and the second institute in a souther half. The first in the second institute in a souther half. The first in the second institute in a second institute in the s

long weeks. The schools were in regular session in the foreneon, and at norm the parents of the session in the foreneon, and at norm the parents of the foreneon, and at norm the parents and citizens took the children and parents and citizens took the children and parents and citizens took the children and parents in the parents of the foreneon and the parents of the foreneon and parents in the parents of the foreneon and parents in the parents of the foreneon and parents in the parents of the parents of the foreneon and foreneon and parents of the foreneon and parents of the foreneon and fore

as we'do it evenings. So much social in-tercourse comes from our schools and re-ligious affinities, which are entirely lackng in this country, that it makes the difterence very marked to an American. The French langurge is almost as much used as the Russian; more so in fact in the higher circles. Most of the Government officers speak Esglish also, and more than half the Russians I meet. All the young ladies speak it, as they all have English governesses. English and American Books are in all first class libraries, Russia having but comparatively little literature of its own. Law and order are as much respected as with us. While the Emperor appoints Democrat of that city. It is dated at Sc actly as he likes, still he governs by and abolished, and a trial by jury is regular

and safe. It is no heathen country by a land. Their familiesniay go with them, if

Characters on no par. | Interest of least of the patness of the least of the patness of the least of the leas

had been playing with a skipping rope the afternoon previous, and it is said, jumped three hundred times in succession. It was noticed that she was very much exhausted when she retired to bed at night, and the next morning, as she did not make her appearance, her parents went to her room and found her lying in bed dead. As she was perfectly well the day before, it is sup-posed that her death resulted from overtaxing her strength as stated above.

Mr. J. T. Clarke, the richest man in Australia, died last January, aged seventythree years. He owned more than 100,000 acres of land, and was worth between \$10, 000,000 and \$15,000,000.

One of the oldest merchants in New Orleans, in a recent letter to a correspondent in Boston, says the population of New Or-leans has fallen off in two years 30,000, and there are no less than 6,000 houses and stores at present unoccupied.

The Turkish Government has requested from the embassies and legations in Constantinople a list of all the foreign mission-ary establishments and of the schools con-ducted by foreign missionaries now existing in the Turkish empire, with an out-

THE WOMAN AND WAR, -The most brilliant military conception on the loyal side during the civil war was the piercing of the rebel lines by the Tennesses River route. Is led to the occupation of Nashville compelled the abandoument of Island No. 10, on the Mississippi and made possible Sherman's march to the sea. It appears that the credit of it is due to Miss Anna Ella Carrol. The claim would be

the principal topics that would be discussed. The Emptres dress was trimmed of what he desired and hoped to accomplish by messes of the institute. He is work stated and stated and hoped to accomplish by messes of the institute. He is work stated and topics that would be discussed and needs, and of which was work \$10,000 or \$100,000. The Emptres dress was trimmed the institute of which the accountry of which by messes of the institute. He is
